Fall for scarlet 今秋愛上紅

THIS year Pantone draws inspirations from the runway in New York and London and comes up with two sets of colour palettes for fall 2017. Despite the distinctive differences in the colour combination of the two schemes, red is chosen to be the leading hue for both. ■

今年Pantone從紐約及倫敦時裝周取材，製定兩套2017年秋季流行色彩。雖然兩者在選色上各有重心，但卻不約而同以紅色為主調。 ■
